### Class Excuse Documentation Policy and Attestation

The University Health Center provides a class excuse for a student who was seen and treated at the University Health Center or hospital and experienced a prolonged absence from class or absence from a Major Scheduled Grading Event.

Students who do not fall in the above category may present their instructor with a self-signed note attesting to the date of their illness. Each note must also contain an acknowledgment by the student that the information is true and correct.

.....

On \_\_\_\_\_  
Date(s)

I was unable to attend class due to an illness of such severity as to prevent me from meeting my academic obligation. I pledge on my honor that the prior statement is true.
